

TO : ALL ICAB PARTNERS
FROM: ICAB
DATE : April 23, 2009
SUBJECT: MORATORIUM ON ACCEPTING NEW APPLICANTS

Dear Partners:

Due to the large number of unmatched approved adoption applications of Prospective Adoptive Parents wanting to adopt children within the age range of 0-2 years old with or without medical/developmental concerns coupled with the limited number of children of such category, effective May 1, 2009, ICAB has set a moratorium on accepting new applicants wanting to adopt from the abovementioned category.

ICAB shall resume accepting new applications for the aforementioned categories only after it has processed at least 50% of the existing families in our current list. Starting May 1, 2009, only the families who would want to adopt a child 3 years old and above would be considered by ICAB.

We hope for your cooperation and continued support.

Thank you.

Very truly yours,
